Meeting Agenda

Second group meeting for group Yellow

§1 Objectives

- Decide when the best time to have meeting is
- Discuss User Stories
- Discuss GUI
- Talk about GIT/Gradle

§2 Reports

Since the group has changed and it was a bit unclear what project we wanted to do nothing has been done since last week other than some thinking and reflection on the project.

§3 Discussion Items

1. Best time to have meetings.
2. User Stories
3. GUI

§3 Outcomes and assignments

Outcomes:

1. We have decided that Tuesdays and Fridays are the best days to have meetings. Tuesdays at 10-13 and Fridays 15-16.
2. First user story will focus around the inventory bit, the user should be able to add things to an inventory that they can lend different objects. See Assignment under the assignment section.
3. The app will be for cellphones. See assignment under the assignment section.

Assignments:

Joakim and Edwin will fix the first user stories, and split them up in tasks.

Mona and Oussama has the responsibility to design an idea for the GUI.

These tasks should be complete for the next meeting at Tuesday 11/9.

§5 End of Meeting

Everyone is responsible to fix Gradle on their computers.

Next meeting is tuesday 11/9 10:00 in EG-5205.
