## Meeting Agenda

Third group meeting for group Yellow

### §1 Objectives

- User stories should be done by now
- Domain-model
- Perhaps discuss GUI if Mona comes by.
- Git workshop

### §2 Reports

- Mona has a GUI example which we haven't seen yet.
- User stories is almost complete.
- Oussama has left the group.

### §3 Discussion Items

1. User stories, are they done?
2. Discuss domain model.
3. Has everyone done the Git workshop?

### §4 Outcomes and assignments

#### Outcomes:

1. It seems like the user stories are okay for this iteration. We will bring this up on the next meeting with Joel.
2. The domain model will be done today after the meeting.
3. Git workshop should be done before the next meeting with Joel.

#### Assignments:

Everyone is responsible for completing the Git workshop.

Viktor, Edwin and Joakim will work on the domain model today.

These tasks should be complete for the next meeting with Joel on Thursday .

## **§5 End of Meeting**

Next meeting is Thursday 13/9.
